PHOTOPLAY

Special To-night. THE QUALITY OF MERCY. Two Reel Selig

Two young men from the city, visiting a farm, find Emma Leighton, niece of the farmer, very lonely and discontented. Unfortunately, Harvey Manning is a clown and not of the best type. Paul Mason, his friend, knows this and remonstrates with him for trifling with the affections of an innocent girl. Harvey returns to the city and succeeds in inducing Emma to go to his home with him. Here, in order to allay her scruples, he asks Paul to arrange to have someone resembling a preacher perform a sham marriage ceremony.

Paul, however, has secured a genuine preacher, unknown to Harvey. Shortly afterward, Harvey notices her that she is not his wife and is no longer wanted. At the same time she learns that both he and Paul have been killed in an automobile accident. Returning to the country with her baby, she finds herself ostracized.

Dr. Hartley, her old sweetheart, stands by her and asks her to marry him. After a while she consents, and she is astonished to find the minister called to marry them, the same who had performed the former ceremony. Thus is lifted the blight on the birthright of her son.

ENCAMPMENT DATES FIXED

National Guard to Encamp the Latter
Part of July. Mount Gretna, In-
diana and Washington Mentioned
for Place of Camp.

The dates for the encampment of the Second Brigade, National Guard of Pennsylvania have been announced by Brigadier General A. J. Logan, commanding, as July 18-25. The place has not yet been announced.

The Second Brigade did not encamp with the remainder of the division at Gettysburg two years ago and it is understood that this brigade will be with the division this summer. The date for the bi-ennial division encampment accordingly is indicated by General Logan's announcement.

The dispatch announcing the date states that among the places spoken of for this year's camp are Indiana, Mount Gretna and Washington. The majority of Pennsylvania's militia will take part in the big maneuver between Baltimore and Washington this summer. Baltimore is to be the mobilization point and a current rumor is to the effect that the troops of this state will camp here for a week and then go on to Baltimore to take part in the big war game with the Regular Army and the militia of various other states.

The usual spring inspections have been started and all the preparations of the National Guard are now looking toward the work of the summer. An order recently issued forbids any spectacular parades for display purposes and it is possible that, if Gettysburg gets the division encampment, the one big feature of the week—the grand review—will not be held.

PENSION INCREASES

Information Concerning Increases
Which Will Interest Veterans.

The requirements for obtaining pension increases under the act of assembly of May 11, 1912, are puzzling Adams County veterans. For information and guidance in obtaining increases the following statement of the requirements will be found useful. The act of March 4, 1913, provides that a pension granted under the length of service and age clause of the act of May 11, 1912 shall be automatically increased when the pensioner shall have attained the age of 66, 70 and 75 years, and that no declaration claiming such increase shall be required.

The pensioner who is not receiving the rating to which his age entitles him, or will shortly attain an age warranting an increase, should address a letter to the commissioner of pensions so stating, and give the designation of the organization to which he belonged, the number of his pension certificate, and the date of his birth or his age, to the end that his claim will be readily identified and such further action taken therein as circumstances require.

FAREWELL PARTY

Friends of Rev. Mr. and Mrs. Ott Give
them Surprise.

The Methodist parsonage was the scene of a large and happy gathering Thursday evening. The entertainment committee of the Parent-Teachers' Association, and a representation from the church planned and carried out to effect a surprise and farewell party for Rev. and Mrs. L. Dow Ott. The spacious parlor and reception hall were filled to their utmost. Greetings were exchanged, and at once everybody engaged in social intercourse for a while, then some games were played which were thoroughly enjoyed, after which refreshments, which the company provided, were served. William Gilbert, in his inimitable way, gave several monologue performances, and also in company with others afforded much amusement for the spectators. When the hour for departure came all grasped the hands of Mr. and Mrs. Ott and expressed their kindly feeling toward them, and their appreciation of their friendly spirit, sociability and usefulness in the community, also their regret at their leaving the town.

Mr. and Mrs. Ezra Hann spent Monday in McSherrystown and were guests of the latter's sister, Mrs. Augustus Little, of Midway.

RELATIVES IN UGLY QUARREL

Relatives Fight Over House Renting
Question. One Loses Several
Teeth. Another Gives Bail for
Appearance at Court.

Attacked by a son-in-law and his brother in a Littlestown hotel, Lloyd G. Baughman, of Kingsdale, is mourning the loss of five teeth and suffering from injuries about the face and head.

Mr. Baughman's misfortune and rough treatment are said to have been the result of an effort to perform a kindness for his son-in-law, Paul Wisotzkey. The brother, who so roughly used the Kingsdale resident, is Harry Wisotzkey. He was given a hearing on Wednesday before Squire Mayers in Littlestown and gave bail for his appearance at Court.

The trouble first started over the renting of a property. Paul Wisotzkey is a tenant in the Charles Shadle property in Littlestown but his refusal to sign an agreement led Mr. Shadle to refuse him the home for another year. Upon learning of this Mr. Baughman tried to arrange matters amicably but the property had already been rented to another party.

Mr. Baughman says that on Saturday he made arrangements for the rental of the Mrs. Wildasin property, near Littlestown, and was on his way to so inform Mr. Wisotzkey, when he was met by Harry Wisotzkey, in front of Hotel Willard, Littlestown, and called into the hotel. Here an argument ensued among the three parties and it is alleged that Harry struck the first blow and Paul the next, following it up with stamping the fallen man in the face, knocking out five teeth, making a gash along the jaw that required three stitches to close, and otherwise badly bruising the face and head of Mr. Baughman.

On Wednesday morning Harry Wisotzkey was arrested and at the hearing before Squire Mayers stated that he did not strike the first blow. The Squire however held him under bail for his appearance at court.

LINCOLN WAY ROUTE

Baltimoreans Ask That it Include
Baltimore and Washington.

A delegation of Baltimoreans conferred with the Commissioners of the District of Columbia in Washington Tuesday to urge the co-operation of Washington in an effort to have the route of the Lincoln Highway so changed that both Baltimore and Washington would be included. This route would probably include Frederick as well.

Mr. Matthai, of Baltimore, showed that the Lincoln Highway, the most ambitious roadway project ever put forward in this country, contemplated a road from the Atlantic to the Pacific, to begin in New York and extend to San Francisco. According to the present plan it is to run through Philadelphia, to Gettysburg, thence to Pittsburgh, and on to the Coast. He proposed that the roadway extend from Philadelphia to Baltimore, from Baltimore to Washington, and from Washington to Gettysburg. To the end that the route may be changed, the Baltimoreans called upon the officials of Washington to join in a campaign already inaugurated in the former city.

EMPLOYEES DID NOT TESTIFY

Carlisle Indian School Matter Takes
Another Turn when Employees are
not Allowed to Testify at Hearing!
Case Continued.

Bitter accusations featured the hearing before Justice Hughes in Carlisle on Thursday in which Chief Clerk Sieni Nori, of the Carlisle Indian School, who has been charged before the State courts with embezzlement by suspended Superintendent Friedman, of the Carlisle School, was the defendant. Friedman alleges that Nori took student money deposited there for transportation. Assistant United States District Attorney John McCort, of Wilkes-Barre, advised government employees subpoenaed on the case to refuse to give information to the State courts, pleading so-called governmental privilege. Magistrate Hughes adjourned the hearing until April 24 at the request of Friedman's counsel, who said they would furnish the evidence then.

Attorney Welzel, for the prosecution, accused the United States Government officials of protecting a criminal and defied them to prosecute Nori before the Federal authorities. He said Friedman's State prosecution would be abandoned immediately when the Federal officials raised their protecting arm from Nori and brought Friedman to trial.

McCort said that he would not allow government employees who were asked to testify and begged the magistrate not to allow himself to become a partner in what he insinuated was a fishing expedition to get information from the government superintendent.

Friedman took the stand and told all he knew of the handling of student money at Carlisle. Nori's attorneys, Berg and McCort, refused to cross-examine him.

Inspector Linnen, who has had charge of the Carlisle School investigation, declined to produce any government papers without departmental orders and would not say if he knew of any embezzlement by Nori. McCort wanted the proceedings quashed because he averred that Federal laws covered such cases and that Nori was a government ward answerable to Uncle Sam alone. Friedman's attorneys argued that Nori was not a government ward, that the reservation was under the State law for criminal causes, as it was never ceded to the Federal Government.

GIVES AWAY LIBRARY

Major Richardson Gives Library to
Home Town.

Major Charles A. Richardson, of the National Park Commission, has made a gift of his entire library to the Wood Library Association, of Canandaigua, New York, his home town.

Over 1,700 volumes are contained in the collection which is valued at many thousands of dollars.

Major Richardson has also assured the Library Association that he has provided for an endowment of \$5,000 for the institution. One-half of the income from this amount is to be annually expended in the upkeep of the Richardson library and the other half is to be used to purchase reference books to keep the collection up to date.

It is said that Major Richardson's library contains the most complete collection of histories of the Civil War in possession of any Union veteran of that struggle. Large amounts were spent by Major Richardson in collecting these volumes. The collection also contains many books more than two hundred years old.

AGAIN URGES FREE BRITISH FIELD TOLLS REPEAL MARSHAL RESIGNS

Wilson Says World is Against Us in Canal Dispute.

DEBATE IN HOUSE HELD UP

President's Supporters Tell Him Bill Will Be Passed by Majority of More Than 100.

Washington, March 27.—President Wilson declared that the united protest of the South American press, the opinion of the entire world was unanimously in favor of the repeal of the clause in the Panama canal act exempting American coastwise shipping from the payment of tolls.

The president told callers that the South American press had joined the opposition of European countries and regarded the Panama canal act as a violation of a treaty. He pointed out that perhaps there was a mistaken impression in congress as to his reason for desiring the repeal. He emphasized that it was not his own opinion alone that a mistaken economic policy and a breach of treaty were involved, but it was a universal opinion that an international situation needed correction.

Mr. Wilson told his callers that he was asking no man to reverse his opinion, but merely to correct a situation. He feels that those who base their opposition entirely on the question of whether there was a breach of treaty or not, do not realize that their own opinions are not the main point involved.

The chief issue, he pointed out, was the attitude taken by the foreign governments, and just so long as they considered that the United States was violating a promise it would be difficult to make any more new treaties with them.

The president said that congressmen were not called upon to compromise their attitude, because the necessity for a repeal was based on a consideration which was not in their minds when the original action was taken.

The president denied that he had ever seen any document alleging that the British government would not pass a tolls exemption if confined exclusively to coastwise shipping. The president had been informed by some of his supporters that the repeal bill would be passed in the house by a majority of more than 100, and that the special rule limiting debate would be adopted by a majority of fifty.

The Panama tolls repeal bill was obstructed in the house by a parliamentary situation, rich in motions roll calls, demands for a quorum and all the agencies of delay at the command of its opponents.

The senate began its own debate with a speech by Senator Owen. Senator Lewis introduced a resolution for equal tolls for all.

"PHONE TRUST" DISSOLVED

Agreed Decree Affecting Northwest Entered in Federal Court.

Portland, Ore., March 27.—The so-called "telephone trust," by which the Bell system dominates the lines of Washington, Oregon and Idaho, was dissolved without a fight.

A decree accepted by the telephone interests and conceding the government's demands was entered in the federal court.

In compliance with its terms the Bell company will give up its holdings in the Northwestern Telephone company, with lines from Port Angeles, Wash., to Corvallis, Ore., and in the Interstate Telephone company, with lines from Spokane, Wash., into northern Idaho.

VICTORY FOR WOMEN SUFFRAGE

Massachusetts Legislature Votes to Amend Constitution.

Sir John French Quits His Command.

CABINET FACES NEW CRISIS

General Sir J. S. Ewart Also May Give Up Commission as Result of Ulster Scandal.

London, March 27.—The British government and the people are being tossed about in a surging torrent of rumors and counter rumors over army resignations.

Field Marshal Sir John French, the chief of the imperial general staff, has tentatively tendered his resignation as a result of Premier Asquith's repudiation of the assurances given army officers that they would not be ordered to serve against Ulster.

Strong pressure, however, is being brought to bear to have Field Marshal French retain his post. After an interview with the premier he was summoned to confer with the king.

Other leading officers of the army also were expected to hand in their commissions as a direct outcome of the repudiation by the ministry of the guarantees given to army officers in Ireland that they would not be called upon to fight Ulster.

Premier Asquith declared that these guarantees were not sanctioned by the cabinet. Colonel Seely, secretary for war, subsequently resigned from the cabinet, but the premier refused to accept his action.

Feeling that the premier has yet to face the real crisis came when it was announced in the house of commons that Mr. Asquith would postpone any report on the rumored resignation of General French and also that of Lieutenant General Sir John S. Ewart.

Field Marshal French and General Ewart were joint signers with Colonel Seely, secretary for war, of the two repudiated paragraphs that brought about the resignation of Colonel Seely. Brigadier General Gough, commander of the Third Cavalry Brigade, declared that if the premier overthrew the army council the government will face disruption of its fighting force.

The premier's repudiation of the promise given by the secretary for war to the army officers appears to have regained for him the support not only of the Liberals, but of the Irish and labor members of parliament, however. The warning of General Gough makes it evident the government has not yet extricated itself from the entanglement resulting from the Ulster "revolt."

The Liberals are demanding that Premier Asquith must actually withdraw the guarantee given to the army officers. It is believed that if he does the army officers will again resign their commissions, as one of them said, "this time in earnest."

The Liverpool Post declares that there will be a general election not later than June.

AFTER "OIL TRUST" TOO

McReynolds Let It Be Known Tobacco Suit Is Only First Step.

Washington, March 27.—The proceedings about to be taken by United States District Attorney Marshall in New York against the American Tobacco company and the Metropolitan Tobacco company are only the first steps that the department of justice will take to bring these concerns within the Sherman anti-trust law, Attorney General McReynolds let it be known.

Asked whether similar action would be taken respecting the Standard Oil company, Mr. McReynolds said that, in his opinion, the supreme court decree did not meet the situation fully, and that further steps are necessary to break the Standard Oil's alleged monopoly.

Blood Transfusion Fails.

Wilmington, Del., March 27.—Weak and in a critical condition from a transfusion of blood from her body to that of her sister, Mrs. Harry Ketty is under the care of physicians at her home. The operation was of no avail, for her sister, Mrs. Sadie Hecht, died in New York city. The news of her sister's death caused Mrs. Ketty a shock and she suffered a relapse.

30 Perish When Ship Blows Up.

Honolulu, March 27.—Between thirty and forty lives are believed to have been lost when the Inter-Island steamship Maui blew up off Pearl Harbor. The Maui was loaded chiefly with explosives. Soldiers at Fort Kamahameha observed the steamship on fire. A few minutes later the ship blew up and sank immediately.

Poet-Philanthropist Drowned.

Kansas City, Kan., March 27.—Andrew Jackson Sheridan, a writer of verse, was drowned, his friends believe, in the Kansas river, a stream he often had memorialized in poems. Sheridan owned dozens of households and river bank shacks, which he rented to poor persons at low rates.

Sale of Game Fish Forbidden.

Harrisburg, Pa., March 27.—Sale of game fish is prohibited in Pennsylvania during the closed season, whether the fish are caught in Pennsylvania or not, according to an opinion given to the department of fisheries by the attorney general.

I. W. W. YELL FOR FOOD AT TRIAL

Defy Attendant Who Tries to Clear Corridor.

New York, March 27.—Shouts of "We want food! We want food!" resounded through the criminal courts building when I. W. W. witnesses, who had been lingering in the corridors to testify in behalf of Frank Tannenbaum, their leader, refused to leave the building at the order of a court attendant.

Tannenbaum's defense to the charge of participating in an unlawful assembly in St. Alphonsus church, March 4, began, and more than thirty of his witnesses gathered in the corridors to await their turn to testify. They were not allowed to enter the courtroom until called and received no pay from the state as witnesses.

While the court officer was trying to find Tannenbaum's counsel to enter his services in clearing the vociferous mob, the I. W. W. began to shout in unison: "We want food! We want food!"

"What do we care for the courts?" they howled as the officer drove them forth.

Asserting that Tannenbaum was the victim of a police conspiracy, Justus Sheffield, his counsel, opened the case for the defense of the youthful I. W. W. leader.

LICENSES BOOM ASSESSMENT

Five Hotels in Coatesville Are Increased \$180,000.

Coatesville, Pa., March 27.—The granting of five hotel licenses in this city has increased the assessed valuation of the town \$180,000.

Borough Assessor Frank R. Carson called upon the landlords and revised these assessments. Speakman house, from \$43,000 to \$90,000; Hotel Grand, \$40,000 to \$85,000; Coatesville house, \$45,000 to \$85,000; Hotel Taylor, \$30,000 to \$65,000; Smith Brothers, \$22,000 to \$35,000.

Some of the proprietors, it is said, will appeal to the court. Each hotel has engaged four bartenders and every preparation is being made to open on April 1.

Disagree Over Man's Death.

New York, March 27.—Whether Frank Lunow was a suicide or a victim of cancer was disputed by two doctors after Lunow and his wife were found dead in an uptown apartment house. There was no doubt in the case of Mrs. Lunow. A rubber tube led from an open gas jet to her mouth. A physician had told Mrs. Lunow that her husband probably could not live through the night.

Barry Monument Placed.

Washington, March 27.—The statue of Commodore John Barry, cast in bronze from a full-size plaster model by Boyle, arrived here and was placed on the pedestal awaiting it in Franklin park. Civic and military honors will mark the dedication of the monument Saturday, May 16.

House Passes Harbor Bill.

Washington, March 27.—The river and harbor appropriation bill, carrying \$43,000,000, was passed by the house.

MOB TRIES TO LYNCH BOY

Foreigners Storm Negro Lad's Home in Lancaster County.

Lancaster, Pa., March 27.—Foreigners who reside in Billmeyer made an effort to take the life of Vivian Arnett, the fourteen-year-old negro boy, who on Sunday killed a Slav in the yard of his home at that place.

Serious rioting followed the killing and Sheriff Faby sent a posse of deputies from Lancaster to quell the disturbance. An attempt was made to get at Arnett, but the foreigners were unsuccessful.

Arnett had been taken to the county jail after permission had been obtained from the county medical inspector, as Billmeyer is under quarantine because of smallpox. He was released later on bail, and the mob tried to take him from his home.

THINKS M'CARRICK BOY DEAD

Detective Leading Search Believes Lad Was Murdered.

Philadelphia, March 27.—The search for seven-year-old Warren McCarriek, who disappeared two weeks ago, took a new turn when detectives began a second house to house canvass in the neighborhood of the boy's home.

"It is only a question of time before we get a clue," declared Detective O'Connor, the leader of the search for the missing boy. "I cannot get it out of my head that Warren McCarriek has been murdered and his body buried in the cellar of a house near his home."

RICH MAN'S DUAL LIFE SHOWN AT WILL TRIAL

Common Law Wife Sues For Share of Estate.

Louisville, Ky., March 27.—Intimate details of the life of Louis Philip Ewald, late ironmaster of St. Louis and Louisville, which he devoted painstaking efforts and a small fortune to keep secret, were revealed, at most five years after his death, during trial of the suit brought by Ellen J. Golden, or Ewald, by which she seeks to establish dower rights in Ewald's estate, alleging she was his common law wife.

Ewald's estate was estimated to be worth about \$4,000,000. He willed \$15,000 each to nine brothers and sisters, most of whom live in St. Louis, and the remainder to Ellen Golden's three children, whom Ewald had adopted. The woman is suing for a judgment for half the personal estate and a widow's interest in the realty, aggregating approximately \$2,000,000.

The plaintiff on the witness stand testified that the alleged common law marriage between herself and Ewald took place in St. Louis in March, 1890. Prior to leaving St. Louis to take up her residence in an elaborate home built for her by Ewald, in an exclusive residential section of Louisville, she lived in Williamsport, Pa.; Pittsburgh, Washington, Chicago and Denver.

More than a hundred telegrams containing expressions of affection purporting to have been from Ewald and addressed to the plaintiff under the name of "Mrs. E. J. Seaman," at a Detroit hotel, were read to the jury. The plaintiff admitted she never was generally known as Mrs. Ewald. The eccentric millionaire ironmaster apparently had a mania for secrecy.

MAY BE SUMMER CAPITAL

President May Lease Property in Williamsport, Mass.

Williamsport, Mass., March 27.—Further evidence that President Wilson is considering making Williams town the summer residence of the nation this summer is shown by the fact that Francis B. Sayre, his son-in-law, who lives here, is negotiating for the lease of the Leake property, on South street, the owner of which, Dr. Henry Leake, is soon to go abroad for three years.

The Leake mansion is one of the finest in town and altogether too large for the use of Mr. and Mrs. Sayre. Consequently it is believed the property is sought for President Wilson.

Y. W. C. A. Contest Ends.

Wilmington, Del., March 27.—Members of the Y. W. C. A. have concluded a ten-day campaign for 1200 new members with a total of 1317. The campaign was conducted in the form of a race between two teams. Miss Mildred Andrews, captain of the Eccelesiam team, was high, with 719 members.

Medical Advertising SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

JOSE ROJAS.

Leading Huerta Aide, and Torreón
Postoffice, Where Battle Rages.

© 1914, by American Press Association.

The final surrender of Torreón to General Villa is expected. General Benavides and his Zaragoza brigade crossed the Nazas river and held two cañons in Torreón itself. The Torreón garrison, weakened by cholera, cut down by the losses already sustained in the fierce fighting at Gomez Palacio and on the south bank of the Nazas and disheartened by the rebel victories, cannot long be able to withstand the whirlwind advance of Villa's victory thrilled brigades. Regardless of the outcome in the attack on Torreón, Jose L. Portillo y Rojas is going to be a leading figure in Mexico. He may succeed Huerta as provisional president of Mexico.

PENNSY TO LAY OFF 1000 MEN IN SHOPS

Wilmington Chiefly Affected
by Discharges.

Philadelphia, March 27.—Wilmington will be heavily affected by the reduction in the number of Pennsylvania railroad employees.

A cut of 1000 men will be made by the Philadelphia, Baltimore & Washington railroad, it was learned at the general offices of the company in Wilmington.

This decrease in the working force will be made almost exclusively in the shops of the company. These shops are at Wilmington, and therefore almost the entire number of 1000 men, most of them residing in Wilmington will be thrown into idleness in that city. The Maryland division is chiefly affected.

A few men now holding clerical positions on the division will be thrown out of work. The first of the cuts were made the latter part of last week, 150 men being laid off at Wilmington. The rest of the discharges will take place about the first of April.

1250 Laid Off at Altoona.
Altoona, Pa., March 27.—Orders were issued by the Pennsylvania railroad company to lay off 1250 shopmen here at once. It is understood that additional men may be laid off in the near future and the working time of the remainder may be reduced.

BUBONIC PLAGUE IN CUBA

One Death and Two Cases Officially Reported in Havana.

Havana, Cuba, March 27.—The existence of bubonic plague was officially confirmed when Carlos Arechaga, a twelve-year-old boy, died of the disease.

He was the first victim officially reported. His body was immediately wrapped in blankets impregnated with disinfectant, placed in a zinc casket and interred.

Two other persons are officially declared to be in a critical condition from bubonic plague.

The United States hospital service is enforcing extreme quarantine measures for passengers and freight for the United States.

Monroe Wreck Blown Up.

Norfolk, Va., March 27.—The wreck of the Old Dominion liner Monroe sunk in January by the Merchants and Miners' steamer Nantucket, with a loss of forty-three lives, off the Virginia coast, has been blown up by the revenue cutter Onondaga. Four explosions of gun-cotton removed all of the wreck that was a menace to navigation.

Cardinal Gibbons Ill.

Baltimore, Md., March 27.—Cardinal Gibbons is ill in his home. He has been suffering considerably for three days with a cold and has been compelled to remain within doors. The cardinal contracted the cold while returning from New Orleans.

School Teachers to Form a Union.

East Liverpool, Ohio, March 27.—Teachers in the public schools here announced that steps were being taken to organize a labor union and that they would seek affiliation with the American Federation of Labor.

As a Financial Preposition.

BATTLE IS STILL ON AT TORREON

Reports Are Conflicting, Both
Sides Claiming Advantage.

LOSSES ARE TREMENDOUS

That Desperate Fighting Is Going On
Is All That Is Known, as Newspaper
Correspondents Are "Bottled" Up.

El Paso, Tex., March 27.—That desperate fighting is going on in the vicinity of Torreón, that the loss of life has been tremendous on both sides, and that the reports are conflicting as to who is winning, is all that is positive regarding the effort of the rebel army of Pancho Villa to capture the Federal stronghold of Torreón.

Miguel Diebold, consul general of the Huerta government in Mexico, asserts that he has dispatches telling of rebel defeats, and he showed messages to his office to prove it.

The newspaper correspondents at the front have been effectively "bottled" up by Villa, and he says there will be no press messages for the border until he takes Torreón.

Villa's officials in Juarez asserted that Villa was not driven back to El Verjel, as believed, on Wednesday night. On the contrary, they assert that Villa returned to El Verjel, which is and has been his field headquarters for several days to get into communication with Juarez and Chihuahua, and that all was going well for him at Gomez Palacio at that time, although fighting continued.

He was accompanied to El Verjel by 400 cavalry, they assert, but was not retreating. He returned to the front during the night. At the time he returned to El Verjel they declare he had almost complete possession of Gomez Palacio and the army was attacking Torreón just as earlier rebel dispatches reported during Wednesday.

This explanation clarifies the air somewhat regarding rebel reports that had appeared much at variance.

The explanation that Villa only came back to be at his field headquarters does not square with the Federal reports of things around Torreón. The "Federal" claim a victory and a big one. The rebels attribute the variation of reports Wednesday afternoon and Wednesday night to misinterpretation of a code message from Villa on his arrival back to El Verjel. They thought at the time that he had been driven back. Then he reported his men "assaulting" Gomez Palacio, shortly after he had reached El Verjel, replying to their message of inquiry as to how the battle was going, and they thought he was rallying his men for a second attack, they say.

REBELS LOSE 700

Mexico City Hears of Complete Federal Victory at Torreón.

Mexico City, March 27.—Confirmation of the reported defeat of General Villa's army at Torreón by Federal forces under General Velasco was given in a message received at the Mexican war office. The rebel losses are placed at 700 men killed.

The rebels are said to be retreating at Bermapillo, a town on the railroad twenty miles north of Torreón.

At the war office it was said the message was sent from San Pedro de las Colonias, a town thirty-seven miles northeast of the battlefield, and was filed by a Federal soldier.

It was the first dispatch to come through from the fighting zone.

A telegram from a newspaper correspondent at Saltillo reports severe fighting at Artega, east of that city, where 247 rebels are said to have been killed by the Federals. The same correspondent also reports fighting at Cuatro Ciénegas, west of Monclova, but gives no details.

N. G. P. to Encamp July 18.

Pittsburgh, Pa., March 27.—Brigadier General A. J. Logan, commanding the Second Brigade, N. G. P., announced that the annual encampment for field duty will be held July 18-25. Indiana, Washington and Mount Gretna are among the places suggested but the place for the camp has not yet been decided. All commands of the brigade have been placed on a war footing.

Two Killed, Seven Hurt, in Fire.

St. Louis City, Mo., March 27.—Two firemen were killed, seven others were injured and several persons were rescued by the use of the life net when fire destroyed the quarter block occupied by the Moore Clothing company, the Central bank, the Anderson Furniture company, Frank's hotel, the Helman Jewelry company and George K. Ford's wholesale liquor house.

Fifteen Hurt in Wreck.

Fort Smith, Ark., March 27.—Fifteen persons were reported injured in a head-on collision between the "Frisco" railroad passenger train No. 5, south-bound, and a northbound local passenger train, at Maney, sixty-five miles west of Fort Smith.

275 In Peril at Fire.

Lynn, Mass., March 27.—Two hundred girls and twenty-five men had to run for their lives when fire started in Littlefield & Moulton's box factory. No one was injured. The fire continued to spread and the loss reached \$250,000.

You can bank on the NORTH EAST ELECTRIC Starting and Lighting System for Ford Cars

It is worth having because you can start this engine from the drivers seat and is very easy to install, almost while you wait. Your car need not be rebuilt or taken apart. The system can be slipped under the hood as shown in the cut and will not interfere with anything. LISTEN, I have used this system on my car for six weeks and know it does the work very satisfactory. The construction is very simple, powerful, and reliable. I like it so much that I contracted for the agency for Franklin and Adams Counties. Would be pleased to demonstrate it to any one.
